Professional Experience

Full Stack Web Developer

Biscuit and Chai, Remote, 2017-2019
Software consultancy firm based in NYC.
Basically cleaning up our clients' messes.

Buzzwords: Python, Django, Ruby, Sinatra, HTML, JavaScript, React, PHP, Android, Java

Engineering Fellow

Phone2Action, Arlington VA, Summer 2018

Grassroots advocacy platform. I was tasked with clearing out the backlog.

Buzzwords: PHP, Laravel, Vue, Agile

Freelance Development

Playa Blanca Resorts, Panama, Spring 2018

I made a reservation system for this hotel in exchange for a room and free access to the buffet.

Buzzwords: Django

Visual Communications Intern

Lockheed Martin, Orlando FL, Summer 2017

I helped maintain a portion of the company intranet, and worked on a few nice-to-haves for my team.

Buzzwords: C#, .NET, Javascript

Other Experience

SF Stupid S*** Nobody Wants and Terrible Ideas Hackathon 2019

I made a plugin so that I could drive a car using vim keybindings. It went poorly.

<https://tinyurl.com/y23jen6e>

Buzzwords: Python, Vimscript

Hacktech 2019

Caltech's annual hackathon. Won "Best Hardware Hack".

<https://tinyurl.com/y627ofl6>

Buzzwords: Arduino, Wearable Tech, Medical

FIRST Robotics

High school robotics competition. I was tasked with turning controller inputs into motor outputs using Java.

Buzzwords: Java, Robotics

Education

Mathematics for Transfer

De Anza College, Cupertino CA, 2018-20

I'm hoping to transfer to a UC, dual-majoring in Physics and Mathematics because CS is too mainstream.

Other Skills

- * Fluent in Spanish
- * Very rough French (CEFR Level ~B1)
- * Took a few IT classes in high school
- * Electronics assembly (soldering)
